## Brewer & Wallace To Meet Again In Run-Off

GEORGE WALLACE

The June 2 Democratic primary run-off will feature Governor Albert Brewer and former Governor George Wallace in a rematch. The vote on Tuesday of this week was very close between these two candidates with Brewer ahead 17,000 votes at press time and before all returns were reported.

Wallace said Tuesday night that it is definitely an advantage to be the incumbent. Brewer said Wednesday that he would run basically the same campaign he has run during the past seven weeks.

Political newcomer Jere Beasley of Clayton led the ballot in the Lt. Governor's race and will face a run-off with State Senator Hugh Morrow of Birmingham.

Dohan District Attorney Bill Baxley upset the incumbent Attorney General MacDonald Gallow, who has served two terms in that office. It was Baxley's first statewide race and his reputation as a hard working prosecutor apparently swung the election his way.

Melba Till Allen had no trouble defeating her only opponent in her race for re-election as State Auditor.

State Treasurer, Mrs. Agnes Baggett easily defeated two opponents for re-election to her office. Former George Wallace associate Seymour Trammell surprised many with a relative poor showing in that race.

Incumbent Richard Beard retained his office of Commissioner of Agriculture and Industries over former Commissioner A. W. Todd.

Place #2 in the Public Service Commission was up for grabs as the incumbent, Miss Syble Poole, did not seek re-election due to her health. Mrs. Juanita W. McDaniel, a native of Andalusia and J. T. "Jabo" Waggoner will face a run-off in that race. Their vote was almost even in Wednesday morning's returns.

Attorney Howell T. Heflin defeated former Governor John Patterson for the office of Chief Justice of the Alabama Supreme Court.

The first time the State Board of Education members have been elected, Mrs. S. A. Cherry of Dohan and I. B. Stone of Alexander City will face a run-off on June 2nd. Incumbent Mrs. Florence Strang was running last in

## Jack & Kinston Get Loans For Water

Senators John Sparkman and Jim Allen and Congressman George Andrews announced Farmers Home Administration approval of a \$140,000 loan to the Jack Water System, Inc. and an \$86,000 loan to the Kinston Water System, Inc., a non-profit association, will enable the Jack Community to install 90,000 feet of distribution lines and develop a 100 gallon-per-minute well and a storage facility that will provide water with adequate pressures for the entire community.

Beneficiaries of this pipeline.

## Webb - Sparks To Square Off June 2nd

The race for Coffee with Sparks winning out by County sheriff was up for about 100 votes. Others in the race as the incumbent, order of their finish were: H. D. Tillman, was not Elba policeman Lamar seeking re-election to that Parker, John Davis, Leon office. A field of 8 smart, Riley Sims and Earl candidates qualified for Sasser.

Webb and Sparks will meet in the June 2nd primary. It was not known until the official count had been made just who would be his opponent in the run-off.

New Brockton policeman Ralph Sparks and Elba businessman C. F. (Neil) Grothman were seen sawing back and forth for the lead

## Highway Patrol Gives Weekly Report

Week-end traffic roundup, May 1 through May 5, 1970 from 6 p.m. Friday through mid-night Sunday, your Alabama Highway Patrol investigated 234 rural traffic accidents. In these accidents 70 persons were injured and 11 were killed. The fatalities occurred in the following counties: Two in Jackson, two in Cherokee, and one each in Talladega, Tuscaloosa, Barbour, Coffee, St. Clair, Macon, and Franklin. These accidents bring the number of people killed in Alabama this year to 264 compared with 284 killed during the same period last year. This is a decrease of 20 fatalities.

The eight county Dohan District Troopers investigated 30 accidents with 14 injuries and two fatalities. The traffic law violations causing these accidents were: speeding, driving while intoxicated, animal in the road, child jumped off bicycle in front of vehicle, improper passing, wrong side of road, fail to yield right-way, following too close, inattention, defective equipment, and inability to drive.

The Dohan District has 21 rural traffic fatalities so far this year as compared with 21 at the same period last year.

Cpl. Parker reports Coffee County Troopers investigated 5 accidents with 2 injuries and 1 fatalities. So far this year 4 people have died in Coffee County traffic as compared with 1 at the same time last year.

Remember speed does kill. Not only high speeds but also speeds too fast for conditions. If a road is wet, or there is a heavy fog, or traffic is unusually heavy, speed must be adjusted down. Under these conditions, going 20 miles per hour in a 30 mile per hour zone could be too fast. Be aware of conditions and drive accordingly.

## HOW THE VOTE WENT LOCALLY

Elba voters favored Albert Brewer, Jere Beasley, Bill Baxley, Melba Till Allen, Agnes Baggett, Richard Beard, Juanita McDaniel, Oscar Dunn,

John Crawley, Howard Heflin, Douglas Easters, Gladys Clark, Neil Grantham, Kimmie Dorsey and Bill Stokes.

## Brunson Reunion Jr. College Week Held Here Is Announced

Sunday, April 26

The annual Brunson Reunion was held on Sunday, April 26, at the family picnic grounds on the Fox Brunson Farm, in Elba. Some four hundred and fifty relatives from throughout Alabama, Florida, Georgia, Texas and Oklahoma attended this century old family reunion.

This reunion is one of the oldest traditions in Coffee County and has been an annual event for more than a hundred years. It represents one of the oldest and most prominent families of the county. It began as a birthday celebration for the late Matthew Brunson who moved his family to Coffee County in 1853. It later was a celebration of the birthday of the late Nancy Elizabeth Brooks Brunson. The Brunson family continues to commemorate the birthdays of both of these at their annual reunion.

Through the years the reunions have been sponsored by the late Arthur Will and Ben Brunson. The last eighteen reunions have been sponsored by Fox Brunson and his sons, Fox Brunson, Jr., of Mobile and Marion Brunson of Enterprise. See inside picture and those attending.

W.N.(Jug)Brown, mayor of Enterprise has joined Governor Albert Brewer and chief city executives throughout the state in proclaiming the week of May 10-17 "Alabama State Junior College Week."

At Enterprise State Junior College, President B. A. Forrester said the emphasis would be on getting to know your junior college. A committee headed by Mrs. Nina Carpenter has planned events which will bring area residents onto the campus and take students and faculty members out into the community.

On Wednesday and Thursday, May 13 and 14, the entire campus will be on display. Mrs. Carpenter and President Forrester invited area residents to drop by the administration building any time between 8 a.m. and 5 p.m. either day. There they will be met by a student who will take them on a brief tour of the campus and introduce them to the community.

Marion Sanders Appointed To School Board

Marion J. Sanders, prominent farmer of Brundidge, has been appointed to the Coffee County School Board, to fill the unexpired term of the former school board member, the late E. C. Brooks.

The appointment was announced this week by C. E. Peacock, Coffee County School Superintendent of Education.

vite them to sit in any class they wish. After the class, she said, instructors will be glad to answer questions about equipment, methods of instructions and the like.

Mrs. Carpenter said high school students who have a free period or permission from their teacher are welcome to visit, as are parents and other interested citizens.

Newsmen working in the area have been invited to have lunch with the faculty in the cafeteria at 11:30 a.m. Thursday. Afterward, a brief tour of the campus will be available.

## Cheerleaders Plan Rummage Sale Saturday

The Elba cheerleaders for the 1970-71 season, Jackie Smart, Judie Vaughan, Susan Jacobs, Annie Young, Jan Young and Debbie Moore, are sponsoring a rummage sale on the courthouse square Saturday, May 9.

The proceeds from the sale will go into the cheerleaders fund which will be used in order to send the cheerleaders to one of two clinics which they hope to attend this summer.

Cheerleaders ask that if anyone has anything to contribute toward the rummage sale to contact one of these girls or take it to the Elba High School. All contributions will be appreciated.

## Choose Furniture That Fits Way of Life

Most people buy furniture only once or twice in a lifetime, so they probably know less about furniture than about anything else they buy.

Extension Home Furnishings Specialist Miss Alice Peavy says it is therefore very important that you choose wisely and make purchases in keeping with your way of life. Be sure furnishings are durable, comfortable, simple and in good design. They should also be in a style you will enjoy perhaps for the rest of your life. The plainer the lines of your furniture the longer you can live with it.

Before making any purchases, analyze your way of life, consider present furnishings and make long-term plans, says Miss Peavy. Also, know what to look for

in construction of furniture and quality of fabrics.

The specialist also stresses the importance of determining how the furniture will be used. Cottage, Early American or Provincial furniture may be the answer to the sturdiness needed in informal homes. Cottage furniture is consistent, too, with sturdy homemade furniture. Textures may be rough or bold. Variety in form, such as a trestle or harvest table with Windsor Chairs, will be interesting. Such furniture is small in scale and pleasant to use in small rooms with a comfortable, narrow armed upholstered sofa and a simple upholstered easy chair.

Traditional styles of furniture may be mixed in your choices for the more formal home, adds Miss Peavy. The simpler lines are lightweight in appearance.

Modern unfinished furniture may be finished by the family to stretch the home furnishing dollar.

"Engineers are trying to build a car that will stop smoking—I'd like to find one that will stop drinking."

## COFFEE NEWS & CHAT

BY SARA HUTCHISON

Delicious, nutritious digestible pork should be in almost everyone's diet. Today's pork has less fat and fewer calories than ever before. Better breeding, careful selection by the processor and expert grading have made this possible. An average serving, three and a half ounces of cooked pork contains just 240 calories, compared with 377 calories for pork of yesterday. Furthermore, pork is the richest food source of thiamine and contains high quality, complete proteins.

The cut of tender lean pork chop you buy will depend largely upon the occasion. For special dinners the center-cut loin Peavy. The simpler lines are lightweight in appearance.

Modern unfinished furniture may be finished by the family to stretch the home furnishing dollar.

don't overlook your light bulbs. Dust on light bulbs, lampshades and diffusing bowls cuts down light as much as 50 percent.

When the fisherman in your family has a successful day, store the extra fish in your freezer.

Putting fish on ice as soon as they're caught will help keep down growth of food spoilage bacteria. As soon as possible scale and clean the fish, then chill them in a mixture of ice and water until they have lost their body heat.

Since the fins and tails of the fish have a tendency to cut freezer paper, try placing the fish in a baking pan and covering them with icy water. Cover the pan and place it in the coldest part of the freezer until the water freezes. Then remove the block of fish from the pan, wrap it in moisture-vapor proof freezer paper and return it to the freezer. The block of ice around the fish helps protect the packaging material and also helps keep the fish from drying out.

Among the new items to the leaves of plants, vases, the Oriental campaign vases, rather second-looks is a lucite trivet, and a book rack that makes it a stunner. Wine bucket for easy label-lets you read right through. Plastics, which can have viewing and a matching ice the flaps that hold the pages. One chess set in black and more often in the kitchen in tongs. (After the first drink clear plastic would make a cool gift for an executive who has that are heat-resistant, unbreakable, and allow freedom designer William McCarty. He of form will grow in popularity you might have trouble telling everything, according to the which is the ice!)

Then there are planters that also created a square three-as they are used by more show off the roots as well as tier table with brass corners in designers.

## Political Announcements

### FOR REPRESENTATIVE COFFEE COUNTY

I hereby announce my candidacy for the office of Representative from Coffee County, in the Alabama Legislature, subject to the action of the Democratic primaries May 5 and June 2, 1970.

I am indebted and dedicated to the people of Coffee County, and I will represent all the people of Coffee County fairly and impartially. I stand for continued progress and industrial growth in a sound, conservative, business like manner.

I will try to see everyone in person, but realize it will probably be impossible. I take this method of asking for and voicing my appreciation for your vote and support.

I want to be YOUR Representative. C. C. (Don) Donaldson, Jr. (pd. pol. adv. by Don Donaldson, Enterprise, Ala.)

FOR PROBATE JUDGE COFFEE COUNTY

I wish to announce my candidacy for election as Judge of Probate of Coffee County and respectfully ask for your support and influence in my behalf.

I am not against anyone, I am not obligated to any group. I promise to serve this county to the very best of my ability.

I will make an effort to see each voter in Coffee County between now and election day but I realize I will miss some of you. I earnestly solicit your vote and influence and any help will be appreciated.

Kimberly Dorsey (pd. pol. adv. by Kimberly Dorsey, Elba, Alabama)

FOR JUDGE OF PROBATE COFFEE COUNTY

Your vote and support is respectfully asked in my candidacy for Probate Judge of Coffee County, subject to the Democratic primaries of May 5th and June 2nd.

I promise to serve this county to the very best of my ability. I will make every effort to see each voter in the county between now and election day.

I earnestly solicit your vote and influence in my behalf for election to this office.

James Sawyer (pd. pol. adv. by James Sawyer, Enterprise, Ala.)

FOR SHERIFF COFFEE COUNTY

I hereby announce my candidacy for Sheriff of Coffee County subject to the action of the Demo-

## DISMUKES TOUR SOUTHERN EUROPE

Mr. and Mrs. Herman Dismukes of Dismukes Ford of Enterprise gave an interesting account of their recent trip to Spain and Italy as guests of Ford Motor Company for an expense paid trip during April.

The trip as presented by Mrs. Dismukes is as follows:

We started our trip to Spain and Italy from the Donnan Airport on April 10, 1970. On arrival in New York we were told that due to the Communist strike we would be delayed three and one-half hours.

Your vote and support is earnestly solicited and will be highly appreciated. Charlie G. Webb (pd. pol. adv. by Charlie G. Webb, Enterprise, Ala.)

FOR SHERIFF OF COFFEE COUNTY

I would like to take this opportunity to announce that I am a candidate for the office of Sheriff of Coffee County and I solicit the vote and influence of every citizen of the County in my behalf.

As sheriff I can and will promise only that my administration will be honest, hard working and that everyone will be treated with respect and courtesy.

It is my intention to see all of the people of this County, and I will see as many as physically possible, however, should I miss you it is unintentional and your assistance will be appreciated.

C. F. (Neil) Grantham (pd. pol. adv. by Neil Grantham, Rt. 5, Elba, Alabama)

FOR REPRESENTATIVE DISTRICT COFFEE COUNTY

I hereby announce that I am a candidate for nomination in the Democratic primaries as a member of the Alabama House of Representatives, 1st District, Coffee County.

If elected, I promise to keep in close touch with the people of the county and to work for the benefit of the District and of the State of Alabama.

I pledge to support integrity in government, your views on issues, and not to take personal advantage of this office.

I will sincerely appreciate your vote and influence and I will make a special effort to see all the voters in the county get to the election May 5th.

Douglas Easters (pd. pol. adv. by Douglas Easters, Elba, Alabama)

FOR SHERIFF COFFEE COUNTY

I hereby announce my candidacy for Sheriff of Coffee County subject to the action of the Demo-

seven hills on the banks of the Tagus River. It is the oldest of the cities in the world. In Toledo we visited the Cathedral, the Museum, the Plaza Mayor, and the Alcázar.

On Sunday, April 15th, we visited the Prado Museum, the most famous art gallery in the world. There are paintings by artists of the Spanish school from the 12th to 18th centuries such as El Greco, Velazquez, Goya and many others.

From the museum we went to the Plaza Mayor, a square of 18th century architecture. It contains magnificent porcelains, tapestries, furniture, armatures, and paintings. Then back to the hotel for lunch and dress for the bullfights.

We went to the Plaza Toros, next to the largest bull rings in the world. Here we saw three matadors fight and kill four bulls. One of the matadors was colored. He was real graceful and skillful and really put on a good show.

But the real excitement came when one of the matadors was thrown three times by the bull and gored twice, the last time very badly. He wouldn't leave the ring until he had killed the bull. Then the matador had to be carried out. He was so badly hurt he couldn't walk. We left the bullfights to go to dinner at the restaurant Le Bateau, where we were entertained by Spanish musicians, and would you believe, we had steak for dinner.

Monday, April 13th, we toured the City of Toledo, about 45 miles out of Madrid. Toledo is as old as the hills upon which it rests. It is a natural stronghold, perched on

tegrity in government, your views on issues, and not to take personal advantage of this office.

I will sincerely appreciate your vote and influence and I will make a special effort to see all the voters in the county get to the election May 5th.

Douglas Easters (pd. pol. adv. by Douglas Easters, Elba, Alabama)

FOR SHERIFF COFFEE COUNTY

I hereby announce my candidacy for Sheriff of Coffee County subject to the action of the Demo-

examples of all architectural styles which it contains. During two and one-half centuries the best artists of the world left the traces of their magic fingers, of their immortal creation in the Temple. This is truly something to see.

From the Cathedral, we visited Greco's House, the house in which the famous artist is said to have lived and worked for so many years. Leaving there we went to Monterey, a restaurant on the side of a very tall hill, overlooking the City of Toledo. We drove back by way of the Circumventing Road and stopped to take pictures. It would be unadvisable to discover and enjoy the beauty of Toledo from this vantage point, the only spot from which a full panoramic view of this beautiful city is to be had. It is impossible to describe the emotion which it produces. We leave this point to tour a few more places in Toledo and back to Madrid for dinner and a good night's rest.

Tuesday, April 14th, our tour was to Escorial and Valley of the Fallen, but we decided not to go, rather we would relax and shop in Madrid. We went to the Plaza Mayor where we were able to make some real good buys and enjoyed talking with the natives. We found the people of Spain to be very friendly and in Madrid there is very little or no crime. We were told

as always, back to the hotel to dress for dinner. Tonight, it was the restaurant De Moza Patacca. Friday, April 17th, was another tour of Rome and Tivoli, but I decided I would just shop and discover Rome by myself, which I did. Herman rested at the hotel. I finally got back to the hotel late afternoon, so Herman and I both went out to enjoy coffee and sandwich at the sidewalk cafe.

Saturday, April 18th, we left Rome coming home. We flew from Rome to Amsterdam, Holland where we spent about two hours before boarding the plane for New York. On arrival in New York we had missed our plane, so they flew us by helicopter to Newark, New Jersey, to catch a plane to Detroit. It was a wonderful trip, but as always, it was good to be back home.

COMMERCIAL CARPET Cleaning. Will come to your home and give free of these critical public policy questions are ignored in the classroom," it said.

CONSTRUCTION HAS STARTED on the permanent home of the First Federal Savings and Loan Association at Grubbs and Edwards, Enterprise.

The modern masonry building will provide outstanding facilities for the organization that have not been available. Cost of the completed building is expected to run more than \$100,000 with adequate parking space for customers.

Jerry Brunson, president, said the First Federal was organized in December 1959. Originally home based in Elba, the offices were moved to Enterprise in June 1963. Present assets exceed 4 1/2 million dollars.

New Trash Pick - Up Plan is Released

A new trash pickup route has been worked out with the belief that this will be of more benefit to the citizens of Elba, according to the city clerk, Tom Dyess. Following is the new trash pick-up routes:

Monday - Brookdale, New Town and Old Town. Tuesday - All area East of White Water Creek and East of Pea River. Wednesday - Troy Road, Sunset Boulevard, and Brantley Road. Thursday - Taylor Mill Road and Opp Road. Friday - Clean up the town and use Chipper as needed.

Home-owners are asked to keep these days and routes in mind as to when to expect trash to be picked up in their area. Co-operation with this new schedule will be greatly appreciated.

TO THE PEOPLE OF COFFEE COUNTY

I wish to express my deepest and humblest gratitude to the people of Coffee County for the fine spirit of cooperation shown to me during the weeks of my campaign for the office of Probate Judge. I appreciate the votes that were cast for me on May 5th, and appreciate the confidence shown in me by the voters.

I feel that it was a privilege to have such worthy opponents seeking the office of Probate Judge.

Jus' Ramblin' BY LUCILE K. WOODHAM MCKRAE  
\*\*\*\*\*

THE FIRST PRIMARY is over and the results are apparently close to what I had seen prior to the vote Tuesday. At this time Brewer is ahead but according to reporters the final vote is not complete with still about one-fourth of the results yet to be reported.

According to the results, at this time, it is anybody's guess who will be the top man in the final analysis.

Some races were surprising. After the total is in we can then make a study of what to expect in the June 2nd primary. Some races were decided Tuesday, May 5th.

IT SEEMS THAT some people must be ugly about everything and especially during a political campaign. But I would like to insist that anyone who can't resist making obscene phone calls to be sure to get some of us grown-ups who do the talking instead of letting such fifth fall on the ears of a little 10-year-old girl, the my grand-daughter, who simply can't understand why anyone would say such an ugly thing about Governor Brewer.

Apparently, even though George Wallace is right up there at the top, there are some who just can't take it and refuse to admit that he still has to get himself elected or re-elected.

But obscene telephone calls and other such actions among Wallace supporters is certainly not to his advantage.

There will be a Youth Revival at the Whitewater Baptist Church from May 8 to May 10th beginning at 7:00 p.m.

This is also the time to let us know if you want an additional listing in this year's directory. One for your wife. Or a separate listing for a newly grown-up daughter. All it takes is a call.

## General Telephone

Happiness isn't formed with facial muscles. It is deeper than a smile. Its brightness is merely mirrored in shining eyes. Happiness is the warm fertile climate with which God has endowed each human soul. It will flourish as long as our hearts and minds are exposed to the radiance of God. And, for those who discover early the spiritual center of happiness, no storm of life can ever penetrate so deeply as to chill the joy of the soul. Are you less conscious of that inner happiness than once? Perhaps you're living in the shadows... groping in dark forests... only a glimmer of God's truth filtering through. Bring your soul out into the sunlight. Seek joy where it is found. The Church points the Way.

By Tom Casaday, County Extension Chairman

Earl Kenamer, our fish and wildlife specialist, wrote me recently about raising catfish in wire cages suspended in water. According to Kenamer, a pond can be used to raise about as many pounds of fish in cages as can be raised in a pond without cages. Some of the advantages are (1) Less expensive treatment for parasites and diseases; (2) better feed conversion; (3) easy and complete harvest; (4) manipulation of harvest to meet market demands; and (5) ease of observation. Disadvantages include (1) requirement for more expensive feed; (2) more severe effect from low oxygen; and (3) increased danger of poisoning.

I was talking a few days ago with some of our agribusiness leaders in the county. Incidentally, we have some of the finest ones serving our farmers of any county that I know of. In talking we mentioned the use of lime in Alabama and Coffee County. I came upon some figures the other day for the state. In 1950 we used 144,000 tons of lime. By 1960 we were using almost 500,000 tons and in 1970 1,000,000 tons. The increased use of lime is important to Coffee County farmers.

A lot of our communities in the county have water systems and others are in the process of making application with Billy Ray Cavender of the Farmers Home Administration. I was talking with Dr. Ray Cavender a few days ago concerning community programs. He said, "Communities need to conduct more fact finding projects and then analyze these facts to isolate specific problems." According to Cavender, a major obstacle to self-improvement is the belief that "we know our communities" when too often this is not the case. And finally, Cavender says, "The community concern must eventually be focused on something specific, some obvious situation or problem." Cavender further states that the first step is to build community concern. In other words, residents must become aware of problems and opportunities before progress can be made.

Miss Elizabeth Bryan, Extension home management specialist, says many shoppers encounter unsafe products, shoddy merchandise, shabby repair work, meaningless guarantees, poor service, questionable business practices and outright fraud. But, as a result of these things happening, says Miss Bryan, Congress is taking action. There are nearly 150 consumers' bills pending and more to come. Industry is also taking action. Businessmen are talking about consumer problems as though they created them—which, they did. But, legislation is only part of the answer, adds Miss Bryan. Farm management specialists, marketing specialists and home economists working directly with the consumer will produce the best results.

The average amount spent per person for food last year was \$512.

## DRAFT CALL TO GET 573 FROM STATE OF ALABAMA

Alabama's May induction call for 573 men will be filled by calling 974 registrants to the Armed Forces Entrance and Examining Station, State Selective Service Director Hugh J. Caldwell, Jr., said today. Caldwell said Alabama's 573-man quota will go to a drop of 4,000 draftees from April's national call for 19,000. The May call will include delinquents, those with relatively low random sequence numbers, and registrants who have been temporarily postponed, and whose postponements have run out. Caldwell said it is necessary to call 974 men to the induction station in order to get 573 inductees, because many of those called will fail the final entrance examination, or will have enlisted in some other branch prior to induction. Some married men will be included in the May call to the Army, including 4 from Coffee County.

## Presbyterians Plan Revival In Enterprise

Dr. Jack Hand, minister of the First Presbyterian Church of Jacksonville, Florida, will lead a series of revival services at the Green Hill Presbyterian Church, May 10-13. The services will be held at 7:30 p.m. each evening beginning Sunday and continuing through Wednesday, May 13. Dr. Hand is a former resident of South Alabama. He began his ministry over 30 years ago in Greenville, Alabama, and he looks forward to this return to Alabama. Dr. Hand is a man with many honors. Most recently he has been elected Moderator of the Synod of Florida. The Session of the Church extends cordial invitation to everyone to attend these evening services.

SFC Johnnie M. Block ARMY RECRUITER

Each year at this time we, individually and collectively, honor those men of combat who in the common defense have made the supreme sacrifice—a sacrifice which cannot be bought by all the resources known to man—a sacrifice that transcends the greatness of all that is great— a sacrifice so unique that centuries are still trying to understand it. The sacrifice of life itself.

Rodger We wish them the best luck with their training opportunities.

## An extra 140 pounds of peanuts per acre

Do you know the difference between just liming peanuts and liming plus top-dressing now with USS Basic Slag? The difference in yield can average 140 pounds more per acre, this year. And the difference in gross income, about \$16.50 per acre, based on 1969 prices for Grade A peanuts. What's more, Basic Slag top-dressed at about 500 pounds per acre produces a measurably higher percentage of sound, mature kernels than liming alone. These are the results of a twelve-year study at the Alabama Experiment Station, and the reasons for them are clear. Basic Slag supplies the quick-acting calcium that peanuts need at peaking time. And in addition—unlike other commonly used top-dressings—Basic Slag sweetens the soil and supplies important plant nutrients: phosphorus and magnesium and vital minor elements, like iron and manganese. Your dealer has Basic Slag in bag or in bulk. Phone him today; don't waste a minute. Because Basic Slag goes to work the minute you spread it.
